DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or suggest the limitation "where the other PMOS of the second plurality PMOSs does not share a drain to source connection with the PMOS of the first plurality of PMOSs" as called for in independent claims 1-4, 6-8 and 14. Therefore, claims 1-9, 11 and 14-16 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
